Well we can, but I think the costs of SIP that we are approving is about the same as the entire state SIP cost since LNB+OFA is part of the SIP and not included in the FIP cost for LR and Wyodak (just the SCR costs).

That said we could pitch them as separate actions as Sara S suggested (just like the SO2 action was separate, of course that didn't have a FIP).

Carl - Per Steve's question. Do we need to break the Proposed Action into SIP and FIP?
